What to Expect

Travelers must be in overall good health and with good mobility in order to enjoy this program fully. There is considerable walking over uneven terrain and old city streets throughout the tour. Many places have stairs without handrails. In addition, many buildings do not have elevators, or the elevators may not be functioning. Restaurants in private homes often require walking up several flights of stairs. This is a busy program, with many activities. We are sure you will enjoy the trip, but want you to be aware of the physical requirements and pace.
