An Explorer's Central America

Cruise between the Pacific Ocean and the Caribbean Sea on this Commonwealth Club trip with Silversea Expeditions and discover nature's remarkable beauty up close and in person. Travel into lush rainforests and learn of fascinating ecosystems. In these diverse environments, you will behold an extraordinary array of animals, birds, plants and sea life — many of which are endemic species found only in this region.

Led by the expert naturalists that comprise the Expedition Team, guests can encounter capuchin monkeys, howler monkeys and three-toed sloth as well as a myriad of birds including parrots, macaws, hawks, hummingbirds, vultures and the endangered great curassow. Scan the sea for whales and dolphins. Swim and snorkel, or discover the astounding and diverse underwater world by kayak. Witness the engineering marvel that is the Panama Canal. Aboard Silver Explorer your authentic journey of discovery will be filled with day after day of one-of-a-kind experiences.

Adventure Travel Meets Luxury Retreat

When not off exploring nature's marvels shoreside or cruising through serene waters by Zodiac, guests are treated to an onboard lifestyle that is as relaxing as it is stimulating. Settle into a quiet nook with a complimentary cocktail to exchange ideas with one of the knowledgeable Expedition Team lecturers or like-minded fellow traveler. With just 132 guests, it's easy to get to know your shipmates in an atmosphere that is unregimented and informal.

Expedition guests will enjoy many special amenities usually found only on larger ships, including a library with Internet café, boutique shopping, a full-service spa, fitness centre, sauna, live entertainment and two top-deck whirlpools. Silver Explorer also offers some of the largest accommodations of any expedition ship, all of which include ocean views, butler service, and complimentary wines and spirits, as well as marble baths with tubs. Many suites also have French balconies or private verandas.
